

- LEGEND
- Coal mine
 - Strip-coal mine
 - Coal mine, idle or abandoned; number refers to shaft record, Appendix B
 - Coal No. 6 mined out
 - Coal No. 2 mined out
 - Diamond-drill coal-test boring and identification number. For selected records see Appendix B
 - Gravel pit
 - Clay or shale pit
 - Water well with elevation of bedrock surface known; includes churn-drill coal-test borings near Reading and Ancona
 - Elevation of bedrock surface at water wells, mine shafts, and coal-test borings
 - Contours showing elevation of the bedrock surface - solid line at or near outcrops, dashed line where the bedrock is covered with surficial deposits
 - E-F
 - Line of topographic profile, figure 3

Topographic base surveyed in cooperation with the U. S. Geological Survey, 1916.

BEDROCK TOPOGRAPHY AND MINERAL INDUSTRIAL DATA
OF THE STREATOR QUADRANGLE

BY
H. B. WILLMAN AND L. C. ROBINSON

Geologically surveyed 1933-1941
